THRIVE: FINDING HAPPINESS THE BLUE ZONES WAY: SEVEN SECRETS FROM THE WORLD'S HAPPIEST PEOPLE

National Geographic Society. Hardback. Book Condition: new. BRAND NEW, Thrive: Finding Happiness the Blue Zones Way: Seven Secrets from the World's Happiest People, Dan Buettner, What makes us happy? It's not wealth, youth, beauty, or intelligence, says Dan Buettner. In fact, most of us have the keys within our grasp. Circling the globe to study the world's happiest populations, Buettner has spotted several common principles that can unlock the doors to true contentment with our lives. Working with leading researchers, Buettner identifies the happiest region on each of four continents. He explores why these populations say they are happier than anyone else, and what they can teach the rest of us about finding contentment. His conclusions debunk some commonly believed myths: are people who have children happier than those who don't - not necessarily - in Western societies, parenthood actually makes the happiness level drop; is gender equality a factor; and, are the world's happiest places to be found on tropical islands with beautiful beaches. Unraveling the story of each hotspot like a good mystery, Buettner reveals how he discovered each location and then travels to meet folks who embody each particular brand of happiness. He introduces content, thriving people in Denmark, in Singapore, in northeastern Mexico, and in a composite happiest place in America. In addition, he interviews economists, psychologists, sociologists, politicians, writers, and other experts to get at what contributes to each region's happiness. Buettner's findings result in a credible, cross-cultural formula and a practical plan to help us stack the deck for happiness and get more satisfaction out of life. According to Buettner's advisory team, the average person can control about forty per cent of his or her individual happiness by optimizing life choices. These aren't unreasonable demands...
