## HUGENS: GMO - HUMANS

Createspace, United States, 2015. Paperback. Book Condition: New. Large Print. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.HUGENS GMO Humans The Handwriting on Hell s Wall! This Erotic Thriller is written as a salacious handbook for futuristic Alien Ranchers to assist and guide them through the process of selecting and cultivating Earth s newest life-form (human-bovine hybrids) called Hugens; and is the first collaborative literary offering of this husband and wife team that may be too sexually suggestive for the average reader. However-the fearless might find this fictional allegory-just the ticket for a bit of SyFy afternoon delight! As the veil of lies and deceptions are lifted and humanity wakes up to their true origins, they become increasingly hard to control and the Anunnaki must once again set in motion their plan to eradicate all life on Earth-this time not by flood! However-there s a slight problem! This Vampiric race finds that their lust for human flesh is based on a need for longevity, and before they kill off the last of mankind, they must create human hybrids to keep up with supply and demand-and the sexually oriented Hugen Race is born to serve the whims of the gods. The downside for this pampered hybrid race of humans-is death at the peak of sexual arousal to maximize release of the much coveted adrenal chrome that is necessary for Anunnaki life extension. Oh well-like their predecessor Homo Sapiens Sapiens-what they re too simple-minded to see-can t hurt them! Right?! Lyn and Jose-write for you!.
