Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 Excerpt: .example of offset printing produced by the Lammers-Shilling Company, of Chicago, comes from the Lee Paper Co., of that city. The paper is called Vellum Offset, the sample being on the basis of 25 X 38--80 lbs. This paper seems to give fine results both in the illustrations in a single color and those printed in several colors. The latter are especially notable. Vellum Offset is suitable for art work as well as for commercial uses, being of smooth, even surface, with a uniformity on both sides of the sheet that makes it possible to work and turn. There are a number of other good features about the paper which the manufacturers mention, among these being the fact that it lies perfectly flat and is free from lint These are important characteristics in paper intended for offset printing. The Lee Paper Company, 110 South Dearborn Street...
