## ***Reviews***

*This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).  
(Taylor Medhurst)*

## ACADEMIC PLANNER

Createspace, United States, 2014. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Academic Planner - September 2014 - December 2015. All successful students are organized. One of the most important organizational tools you have at your disposal is a calendar. Not just any calendar, but an academic calendar. In fact, academic calendars are not just for students, professors also use them to manage their time. What s unique about an academic calendar? Well, it s a calendar, but it s specialized for academics because it follows the school year, from August to August, rather than the calendar year. It s not uncommon, especially in school, to mark important days and make appointments a semester in advance, which might take you from one calendar year into another. This tiny difference allows students to use the same calendar throughout the school year rather than use one during the Fall semester and another during the Spring semester. An academic calendar keeps you current.
