## Phenomenology of the Visual Arts (Even the Frame)

By Paul Crowther

Stanford University Press. Paperback. Book Condition: new. BRAND NEW, Phenomenology of the Visual Arts (Even the Frame), Paul Crowther, Why are the visual arts so important and what is it that makes their forms significant? Countering recent interpretations of meaning that understand visual artworks on the model of literary texts, Crowther formulates a theory of the visual arts based on what their creation achieves both cognitively and aesthetically. He develops a phenomenology that emphasizes how visual art gives unique aesthetic expression to factors that are basic to perception. At the same time, he shows how various artistic media embody these factors in distinctive ways. Attentive to both the creation and reception of all major visual art forms (picturing, sculpture, architecture, and photography), Phenomenology of the Visual Arts also addresses complex idioms, including abstract, conceptual, and digital art.

### Reviews

*It is an awesome publication which i actually have ever read through. it had been writtern really properly and valuable. I found out this book from my i and dad recommended this pdf to discover.*

-- **Doyle Schmeler**

*This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.*
