HSRC Press. Paperback. Book Condition: new. BRAND NEW, Rapid Appraisal of Social Inclusion Policies in Selected Sub-Saharan African Countries, Boitumelo Molomo, Laetitia Rispel, Cesar da Sousa, This monograph explores the notion of social exclusion in sub-Saharan Africa and summarises available baseline indicators of the scale of inequality in five selected countries: Botswana, Mozambique, South Africa, Ethiopia and Nigeria. The study was done as part of the Social Exclusion Knowledge Network (SEKN), set up under the auspices of the World Health Organization's Commission on Social Determinants of Health. The Commission's most important objective is to leverage policy change by turning existing public health knowledge into actionable global and national agendas. SEKN's scope is to identify and examine the relational processes excluding particular groups of people from engaging fully in community and social life. Conducted collaboratively by the Social Aspects of HIV/AIDS and Health research programme of the Human Sciences Research Council and the School of Public Health at Eduardo Mondlane University in Mozambique, the study summarises policy and programme appraisals conducted by the SEKN in the region. Based on these appraisals, the authors analyse the factors that enable and hinder policy implementation. Of immense value for policy-makers, international agencies, researchers and graduate students, they offer useful insights on how policy implementation could be made more effective.
