Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Janie Wilkinson)

RAILWAY REGULATION: STATE AND INTERSTATE (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Railway Regulation: State and Interstate To meet and wisely discharge the responsibility of regulating commerce, state and interstate, to bring railways back and hold them to their legitimate business as common carriers, is the most important work in the government of this republic for this generation of man. If the great railway corporations of the country are using their unlimited power without abusing it, if they are transporting the commerce of the country at reasonable rates, with fairness to the general public, with a just regard to the rights of individuals, and without favoritism to places and persons, then they might justly regard government control and regulation as unnecessary and meddlesome interference. If, however, the public is suffering serious wrong, if there are far-reaching abuses in the transportation of its commerce, if the railway companies are not only carrying the commerce of the country but controlling the commerce of the country, determining where it shall be massed, where the markets shall be located, and their control; if they are discriminating in favor of the large shipper, creating and fostering industrial and commercial monopoly, then there rests upon the several state legislatures and upon congress an obligation to act, and to act at once, with all the determination and patriotism commensurate with the duty to preserve government itself. Capital and labor, wherever employed in the creation of wealth, - whether in mining, or in manufacturing, or in agriculture, - in short, material production, in every field of human activity, is absolutely dependent upon transportation.
