Filesize: 7.68 MB

### ***Reviews***

*Absolutely one of the best ebook We have possibly go through. I was able to comprehended every thing using this published e book. Its been developed in an extremely straightforward way and it is merely soon after i finished reading through this ebook where basically transformed me, change the way i really believe.*

*(Ms. Zaria Kertzmann MD)*

## GENIUS UNMASKED (HARDBACK)

Oxford University Press Inc, United States, 2013. Hardback. Book Condition: New. 236 x 163 mm. Language: English . Brand New Book. Genius. It is a word that invokes mystique. How did Einstein deduce the theory of special relativity? How did Rutherford intuit the inner secrets of the atom? Although (in hindsight) genius can appear to have been predictable, more often such thinking was inscrutable - like a bolt of insight arising from nowhere. Perhaps the minds of geniuses, prepared through the providence of genetics, were simply lucked upon by chance. Or perhaps their visionary insights were attained through divine intervention. But could there be an entirely different explanation? Could there be a more knowable process underlying genius? Genius Unmasked reveals the nature of genius. Roberta Ness asks, Is breathtaking creativity really so magical? Or are there, instead, consistent maps that iconic scientists used to discover their imaginative ideas? What this entertaining book demonstrates is that genius is achieved through a thinking process that is less mystical than it is systematic. Even the greatest of innovative minds used a cognitive tool box that can be opened and understood. Genius Unmasked is an adventure through the lives and minds of more than a dozen genius scientists. It unveils the formula behind their radical thinking. But this is not just a book of stories. Through explanation of innovation tools and their impressive demonstration, it will help you to learn for yourself how to become a better innovator. In the end, Genius Unmasked is a how to book for advancing your own personal creativity.
