Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.From the PREFACE. Whether one thinks this should or should not be so, it is a fact that most cultivated persons in America nowadays, and an increasing number in England, are more or less self-conscious about their speech. The present very general interest in the practical applications of the science of phonetics is one of the proofs of the truth of this statement. With our strange mingling of races, our widely separated but rapidly inter-communicating local units of population, our constantly shifting social boundaries between class and class, it is inevitable that, in America at least, such should be the case. If we had but a single standard of speech, universally accepted and practiced, the task undertaken in this book would be easy, though obviously it would be unnecessary. But we have no standard beyond opinion, which in a democratic society must always be many-headed. If therefore in the following pages the author has been at times less dogmatic than some of his readers think he should have been, his plea is that where there is a diversity of opinion...
